How NEXIS Students Landed Internships

At NEXIS, internship preparation starts early through industry exposure, founder connects, interview preparation, and real-world learning.

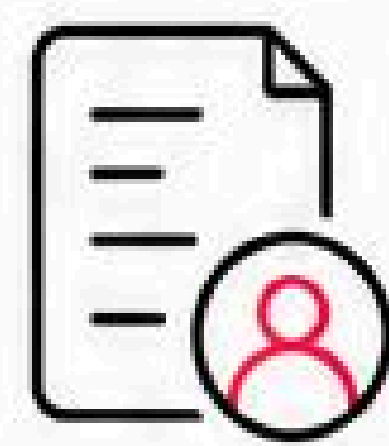

01

Industry Orientation

Students are introduced to internship pathways, industry expectations, and company opportunities early.

02

Resume & Profile Building

Students work on resumes, LinkedIn profiles, and professional positioning for applications and interviews.

03

Industry & Founder Connects

The team works closely with founders, recruiters, and industry professionals to bring relevant opportunities to students.

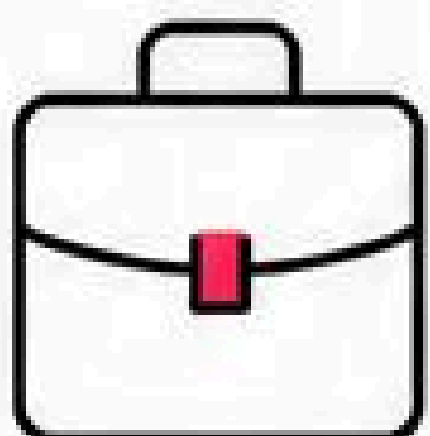

04

Interview Preparation

Students prepare through mock interviews, communication practice, and company-specific discussions.

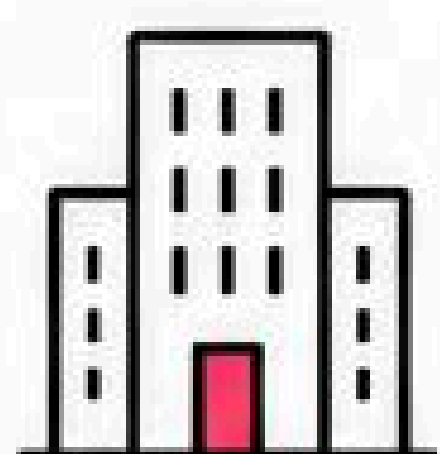

05

Internship Opportunities

Students apply across startups, agencies, hospitality brands, healthcare companies, and growth-stage businesses.

06

Real Industry Exposure

Students begin internships across cities and functions, gaining hands-on exposure from the first year itself.
